ONE HUNDRED ACRES OF DEMO CRATIC VOTERS!

hundred acres of Democratic ters, composed the mass meeting held in New York city on Friday last. It was the greatest political demonstration ever made in the United States. Over one hundred thousand Democrats in council! And this meeting, in which ten thousand Republicans joined, is one of the results of the threatened armed interference of the administration in the domestic affairs of a State. Another result will be the largest Democratic majority ever given in the city of New York.

The people of the Northern States are yet free, and, as the huge demonstration in New York indicates, will not submissively see their liberties trodden under foot and their rights denied them by the Presidenttheir servant, not their master.

One week from to-day the telegraph will flash to us the glorious news: New York Democratic by 75,000 majority!

GOOD NEWS! GOOD CHEER! West Virginia, created by an unscrupulous Radical administration for Radical ends, is one of those inventions that return to plague the inventor. She has thrown off Radical rule, emerged from Radical darkness into the glorious light of Democratic day. No Democrat in the land expected such a sweeping victory as has been achieved in that State. See what has been done :

A Democratic Governor has been elected to succeed a Radical Governor. A Democratic Secretary of State will

oust a Radical Secretary. An overwhelmingly Democratic legisla-

ture will succeed a Radical legislature. A Democratic United States Senator will be elected to succeed a Radical Sena-

And on the popular vote the Democrats have relied up a majority of over ten thou-

Think of that, Democrats of Illinois, Take heart, and strike for the redemption of the Prairie State! Thousands of honest men, disgusted and outraged by the extravagance and corruption, and shameless excesses of Radical rule, have shaken off their party shackles, and will, on Tuesday next. light taxes, official honesty and an economical administration of public affairs, both State and national. Strike hands with every man who will work and vote for the overthrow of Radicalism; work yourselves as the emergency demands, and Illinois will be, shall be redeemed!

ILLINOIS UNDER DEMOCRATIC AND RADICAL RULB.

Reader, have you, at any time, so far forgotten your duty to yourself and the public, as to desire a continuance of Radical rule in Illinois? If you have, fortify yourself against a recurrence of such a thing by bearing constantly in mind that the expenses of the State government, from 1858 to 1860 under Democratic rule, fell short of \$600,000; hat from 1860 to 1862, under Radical rule, the expenses exceeded \$1,200,000; that from 1862 to 1864, under Demoeratic rule, they were again reduced to acquainted with D. W. Munn while he lived in our county, and that we knew him million of dollars. Again, in 1864 the Radicals came into power, and during the ensuing two years they expended the enormous sum of \$1,600,000, or more than twice the sum expended by

years previous. Since that time the Radical party have held undisputed sway, and now the expenses of the government exceed three millions five hundred thousand dollars every two years

These facts are obtained from the official reports of the Radical State Auditor, and should be good authority with Radical voters.

While such unparralleled and startling extravagance exists is it any wonder, that, last year, our State taxes were increased from 65 to 130 cents on every \$100 worth of taxable property? Is it any wonder that from day to day and year to year, we are kept struggling to meet the exactions of the tax gatherer Surely not, and while the Radical party remain in power no one need hope for relief, for it will never come.

Foreign Born Voters, Remember!

Two years ago, in Carbondale, when Crebs was asked by Jake Schneider if he was a Know-Nothing, he replied by dodging. John M. Crebs was a Know-Nothing, and has been proven to be such. Let honest foreign-born citizens remember this, and vote against the man who has sworn never to support any foreigner for office, and who worked to disfranchise every foreign-born citizen. - Carbondale

Col. Crebs a Know-Nothing! "Jake Schneider" (a mythical being) asked him if he wasn't a Know-Nothing, and therefore he is a Know-Nothing!

There are in this Congressional district scores of men who have known Col. Crebs from boyhood, who will testify that he opposed with all the zenl and ability he possessed, the aims of the Know-Nothing organization of which we prove to-day by sworn testimony, D. W. Muon was a bigotted and violent

Mr. Crebs' father is a German; his mother is an Irish woman, and upon this fact alone we might rest the case.

The father of Col. Crebs is a Gorman Radical, and two years ago voted with have made no charge against Mr. Munn, his party for Gen. Raum, against his his son, not because he has changed est doubt; yet, with such charges we his politics, but because he knows that have filled column after column, and Dan Mann seas and is a VIOLENT KNOW- even page after page, without showing NOTHING, and holds now as he did in any signs of exhaustion. Dan Munn's Know-Nothingism.

Read The Proof.

Several days ago we defied Dan Munn, or any responsible friend of that gentleman to call upon us for proof that during the years 1854-5-6, he was a violent Know-Nothing and denounced our foreign born citizens as "low, lazy. lounging ignorant and besetted Dutch and Irish."

The proof has not been called for, and why? Because the friends of D. W. Munn knew that it would be forthcoming! They knew that in the town of Charleston, where Mr. Munn lived, there are hundreds of citizens who will swear that they knew him as a Knowvote with Democrats to restore the days of Nothing and heard him denounce foreigners in the most bitter and merciless

Below we furnish sworn evidence of Mr. Munn's Know-Nothingism that will carry conviction to any unprejudiced mind. One of the gentlemen who signs the affidavit, Mr. Blew, is said to be a German; Mr. Crany is an Irishman; Messrs, Crofoot and Duell are Americans. Read the proof, German and Irish voters, and then if, on the 8th day of November any of you choose to vote for D. W. Munn, you will do so with the full knowledge that he has denounced you as "a lazy, lousy, ignorant and besotted people, upon whom the 'American people should never confer "the elective franchise!"

THE PROOF.

We, the undersigned, citizens of Charles-

FRANCHISE." We give not the precise language of Mr. Munn, but the sum and substance of what he did say in his communications. It is not strange Mr. Mnnn should entertain such high and exalted opinions of the foreigner when it is notorious in this community that he was one of the leading lights in the Know-Nothing organization, which fact alone is enough to damn him or any other man. We under-stand Mr. Munn is a candidate for Con-gress from the Cairo district, and that he is courting the Irish and German vote, with a great deal of pathos and affection. Of course, if the Irish and Germans knew the nan as well as we do, they WOULD SPURN HIM FROM THEIR PRESENCE WITH LOATH-ING AND CONTEMPT.

JUSTICE, J. P.

THE HALF HAS NOT BEEN TOLD. Truth is the only weapon we have sought to use against D. W. Munn in the present contest, for two reasons: First, because it is formidable and effeetive; and secondly, because it is a

weapon of the use of which he seems to be wholly ignorant. If we have used it perseveringly and with effect, it is because his personal and official untrustworthiness has made him vulnerable. and because he has stubbornly invited our heaviest blows.

Much as we have said of Mr. Munn's unworthiness, of his acts and uttnrances, the half has not yet been told. At the outset we believed him to be a corrupt man, and unworthy of public confidence and support. That belief has been fortified, evidences of the justness of our estimate of the man have multiplied, until we stand surprised, even appalled at the result!

We declare it to be a fact that we on our own responsibility, of the truth on. To-day he is earnestly supporting of which we have entertained the slight-AND IRISH OF THE UNITED published! Acts of treachery and bad "PLE, UPON WHOM THE AMERICAN PEOPLE SHOULD NEVER CONFER THE ELECTIVE FRAN.

PERSONAL.

[The Carbondale New Era having charged that Col Crebs canvassed Williamson county mean-pany with Fontain E. Albright, a deserter from the Union army, we present below a statement of facts and a copy of a discharge which brand so much of the charge as seeks to fasten upon Mr. Albright the stigms of desertion, as false.

F. E. Albright enlisted in the 109th Regiment 111s. Vol. Infantry, volunteered August 15th, 1862. His regiment was stationed four miles south of Holly Springs at the date of Gen. Van Dorn's a Democratic legislature during two smouth news convent the same rate of the date of the date of the date of the date of the sum of the people of Al-

Springs, to draw supplies for his regiment, and, while honestly performing his duty, was captured and paroled. He reported to Captain I. N. Phillips, Provost Marshal at this place, and when informed that he had been properly exchanged, returned (not under guard, but voluntarily) to his regiment, then at Memphis, Tenn. But during Mr. Albright's absence on parole. the 109th regiment was consolidated with the 11th Illinois, and all the officers of the former regiment, save Captain S. O. Lewis and the two lieutenants, Bartleson and Calvin, of Co. "K." discharged. The company books had changed hands; many of the 109th had deserted, and were se marked on the company books, but Mr. Albright was not of that number, for opposite his name was this entry, made in the handwriting of the Orderly Sergeant of Co. "F."-

"Captured while in the line of duty,De ember 20th, 1862, at Holly Springs, Miss. When Mr. Albright had been exchanged and returned, he found the proper entry opposite his name, "captured," etc., crossed out, and the words "deserted," written in a strange hand in its place. He tried in vain to find out the wretch who had written this, and failing to do so, demanded that a court martial investigate the charge against him. No proof could be adduced to show desertion on his part ; but the testimony of Maj. Samuel O. Lewis, Capt. R. B. Bartleson and Lieut. Andrew Calvin. all of Pulaski county, and all Republicans, completely exhonerated him from the base charge, and he was honorably acquitted. But D. W. Munn and others obtain their foundation for this charge from the Adjutant General's report of this State, where it was copied from the old books as above

This charge was previously made and the proof of its falsity furnished by Mr. Albright, and Munn well knew the charge be false when he made it at Carbondale. As further evidense of the falsity of the charge we present below a copy of Mr. Albright's bonorable discharge, which every soldier or man of sense knows, a deserter could not have obtained.

THE DISCHARGE.

Know ye that Pontain E. Albright, Private of Captain Robert B. Bartleson's company, (F.) 11th regiment of Illinois Infantry Volunteers, who was enrolled on the fifteenth day of August, one thousand eight hundred and sixty-two, to serve three years or during the war, is hereby dis-charged from the service of the United States, this fourteenth day of July, 1865, at Baton Rouge, Louisiana, by reason of instructions from War Department, G. O.

M. 96, A. G. C. S. (No objection to his being re callisted known to exist.) Said Fontain E. Albright was born in Simpson county, in the State of Kentucky, is twenty years of age, five feet seven inches high, fair complexion, grey eyes, dark hair, and by occupation, when enrolled, a student of law.

MUNN-POPE WILCOX." AND THE DEMOCRATIC CANDIDATE

While quite everybody will concede that Mr. Jewett Wilcox, the Radical candidate for the legislature in this counfined in this city, by the military-we ty, is a clever man, few there are who refer to Grandy Bryant. We might will insist that he is fitted, either by nature or education for the responsible post he is seeking. He is a successful hotel keeper, but would be a lamentable to the reported loss by him of the dis- failure as a Jegislator; and who that charge papers of Ike Lee, upon which understands the wants and designs of the miserable, poverty stricken old Han the Munn-Pope Linegar [clique, can Lee, of this city, expected to procure a doubt that, if elected, Mr. Wilcox will bounty. We might refer to his reported be a pliant subject in their hands, and appeal to Governor Palmer for execu- an instrument for the accomplishment

Mr. Pope was not put forward, although prominently spoken of in con-Munn, was actuated by no pecuniary nection with the same position, for the consideration, but through a sincere de- reason that it was feared that if the sire to screen the innocent; and how that, prominent members of the "clique" bewhen the papers in the case were for- came candidates for all the offices, a diswarded, the Governor found among them | gusted public would refuse to give them Brashiers' note for \$400 to be paid to any. Canvassing all their material, Munn in the event that he secured his therefore, the clique could think of no (Brashiers') release from the penitenti- man who would serve them more readily ary! To all of these and scores of and with a more deplorably mistaken other acts and deeds equally discredit- faith in their integrity, than Mr. Jewett able and damaging to him as a man and | Wilcox. They felt assured that if he lawyer, we might refer in detail, but should be elected they could fashion the sum of his exposed iniquities is him to their liking, and consequently already so great, that the public is dis- settled upon him as their man. Claimposed to cry "Forbear! his record is ing to run the Radical party of Egypt, they entertained no doubt of their ability to control the Alexander county Radical convention, and the nomination of Mr. Wilcox shows that they did not 'reckon without their host."

A vote for Mr. Wilcox is, therefore, a vote for the Pope-Fisher-Munn-Linegar elique of Cairo, which made him a candidate. He will not dare to express a thought that is not shaped, nor east a vote that is not sanctioned by that clique. He will, if elected, be the grasping Radical clique of the city of

The Hon. H. Watson Webb. (Mr. Wilcox's Democratic opponent) has no "rings" or "cliques" to serve, and if elected (which he will be) he will be a faithful and intelligent representative of the whole people of the county. He has had experience in the halls of legiglation, is familiar with the routine of business, and the requirements, force and restrictions of parliamentary law. He does not seek the position because "there is money in it," for the compensation he will receive will fall \$500 short of his expenses. He has simply accepted a nomination unanimously tendered by the Democratic county convention, under circumstances that would not permit him to decline. He is making the race not as H. Watson Webb, the individual not as the instrument or "jumping jack" of any clique or ring of politicians, but as the nominee of the Democratic party. A vote for him, therefore, will be a vote for Democratic principles, a vote for the success of the Democratic party, and a vote for the Hon. S. S. Marshall or James C. Allen or some other sound Democratic statesman, to succeed the inebriate Yates in the United States

If there is, in the county, a Demoerat who feels inclined to vote against Mr. Webb, that Democrat should remember that by so voting he would, to the extent of his vote, contribute to the defeat of the Democratic party, of Democratic measures, and of a Demoeratic United States Senator. The contest is one that presents a conspicuous necessity for Democrats to rise superior to personal ill will, personal hate, or purpose to resent actual or imagined personal injuries, and to stand manfully by the caudidates of the party of their choice. The contest is one that is to result in the triumph of Crebs, Webb and Irvin, as representative men of the Democratic party, on the one hand, and Dan Munn, Linegar, Wilcox and the obscure and illiterate Brown as the representatives of the Radical clique of Cairo, on the other. That any man who is, in truth a Democrat, can falter in such fan emergency, we cannot, we will not believe
